I can describe a setting using adverbial phrases

The dark blue sea shimmered brightly.
The colourful boats bobbed up and down
harshly. Madly the waves bobbed people
up and down on the boats. The moon glistered
in the dark night sky beautifully. The
stars glimmered in the dark blue sky.
The wind wildly howled.

Good use of adverbial phrases, 😊

Next - add some more

The waves crashed wildly onto the shore.
Softly the wave rolled through the sparkly sea.
The trees swayed in the wind ~~along~~ on the shore.
The prince looked closely at the blue beetle.
Calmly the prince picked up the beetle with
his hands.
Peacefully the prince sat on the floor with
the beetle in his hands.
